3630 | Grooved Panel

Insulated Sandwich

3 LAYER SANDWICH

Carriage House Panels

Features

26 GAUGE STEEL

Hot dipped galvanized steel construction with hemmed inside return rail provides superior strength and durability.

20 GAUGE HOT DIPPED STEEL HINGE PLATES

Galvanized steel hinge plates run the full height of each section at all hinge locations to facilitate the attachment of hinges, handles, struts, and step plates.

TONGUE AND GROOVE MEETING RAILS

For superior strength and better sealing against wind, rain, and snow.

DIRECTIONAL WOOD GRAIN PATTERN

Directional wood grain pattern gives the appearance of traditional wood doors.

RIGID ALUMINUM RETAINER WITH WEATHERSTRIP

Provides added strength while securing replaceable U-type bottom astragal weatherstrip to help keep the elements out.

R-VALUE 10.25

Sandwich type construction with polystyrene insulation pressure bonded between two sheets of hot dipped galvanized steel enhances your home's energy savings, makes your door operation quieter, and reduces exterior noise in your garage.

CFC FREE EXPANDED POLYSTYRENE

Environmentally friendly insulation that will not degrade with vibration or time.
